

# HOSTED VOICE

SAVE UP TO 80% ON YOUR BUSINESS TELEPHONES

## ONE POINT OF CONTACT

NO MORE CALLING A 800# BEING PUT ON HOLD FOR HOURS

**Hosted PBX** means there's no need for phone equipment that loses value over time, and no need to keep up with system hardware and software upgrades to protect your investment.

**Cost Savings** Forget paying for expensive in-house phone systems. Simply purchase VoIP-ready handsets and a data connection, and save big on your monthly service fees.

**Advanced Features** Cloud phone offers modern capabilities: Voicemail to e-mail, fax to e-mail, remote call management, auto attendant, company directory, on-hold music and voice messaging.

**More Resilience** Floods? Earthquakes? Fires? Bounce right back! With cloud phone, you keep no physical boxes on your premises. Should catastrophe strike, you can manage your phones from any internet connection.
